This powerful, **youth-driven** network fosters a fun, flexible and supportive environment where **young people** and adults alike come together to share ideas and inspiration, implement successful community service projects and participate in special events. and global campaigns.

What Makes the Roots & Shoots Program Unique?

Caring and Compassionate Leadership

Roots & Shoots is guided by the founding principles and extraordinary vision of [Dr. Jane Goodall](#), renowned primatologist, environmentalist and humanitarian. Her firm belief that young people, when informed and empowered, when they realize that what they do truly makes a difference, can indeed change the world, is at the very heart of our program. This powerful message of hope inspires us all. Our program—dedicated to inspiring tomorrow's leaders today—not only motivates young people to learn about pertinent issues facing our local and global communities, but helps them actually design, lead and implement their own projects as a means of solving them.

- learn about environmental, animal and humanitarian issues affecting our world
- share insights, ideas and inspiration for making positive change happen
- grow in ways that enrich lives—as individuals, as members of the local community and as global citizens of our world.
